

e-bike-to-go

E-bikes for everyone at every moment! E-bike to go provides an easy to use e-bike sharing solution for companies, hotels and public places.

As of spring 2017, e-bike to go will be available in many more places such as the NDSM wharf and the Westerpark in Amsterdam, the “kop op zuid” in Rotterdam, the Central Station in the Hague, the mall in Amstelveen and many more.

How does it work

1

DOWNLOAD

The e-bike to go app and register as a user

2

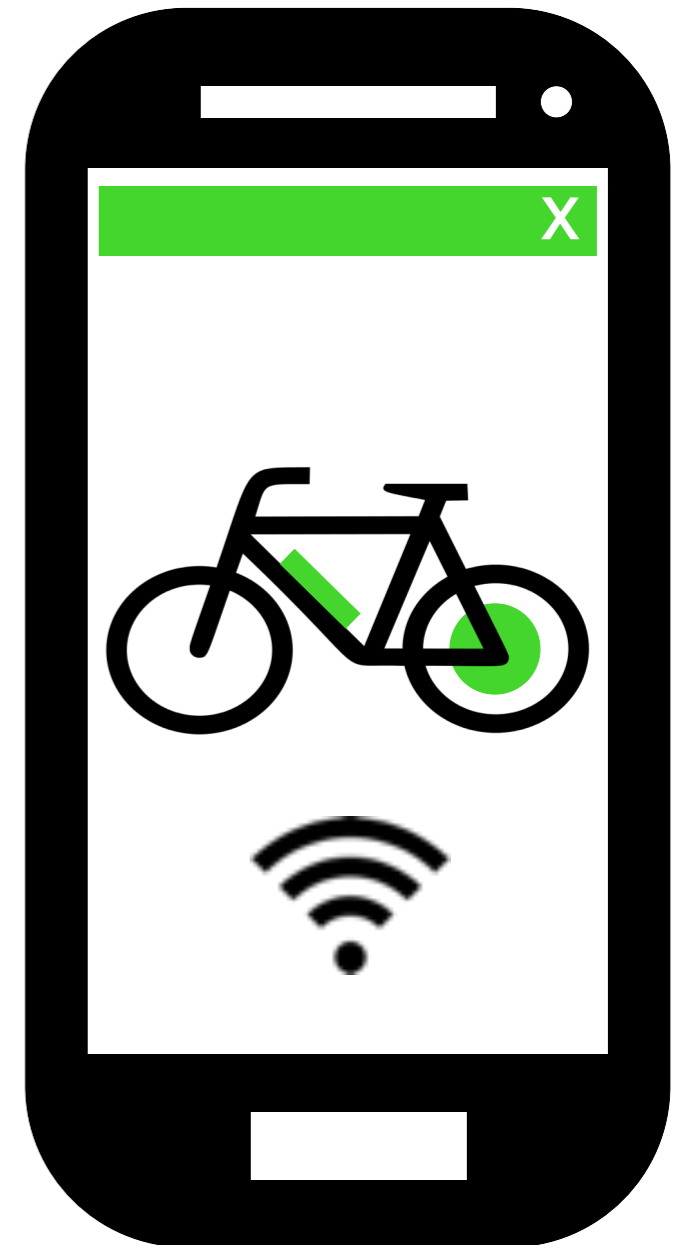

SELECT

An e-bike in-app and select "open"

3

LOCK and UNLOCK

After selecting the e-bike you can lock and unlock the e-bike as many times as you like. If you no longer need the e-bike, simply check out and your booking will be terminated. Checking out is only available at an e-bike to go location

“Key-less lock, smart mobility, multi-user ”

HOTELS

For hotels we provide keyless opening by m.i.f.a.r.e. keycards. Therefore guests can still enjoy the services of e-bike to go without the need of a smartphone or internet connection.

ALL-IN

The e-bikes will be placed locally at your company. Everybody within the company can use these e-bikes for business meetings, multiple office transport or commuting.

“No use, No costs”

E-bike to go does not only deliver e-bikes but also takes care of maintenance, service and insurance.

Connectivity

Smart e-bikes

The e-bikes are smart, that means automated service calls are being made. As a result the e-bikes are always in superb condition and service is never late.

Keyless entry

The lock administration is done completely digital using the app on your smartphone. It's like everybody already has the key in their pocket! E-bike to go is bike sharing with endless possibilities.

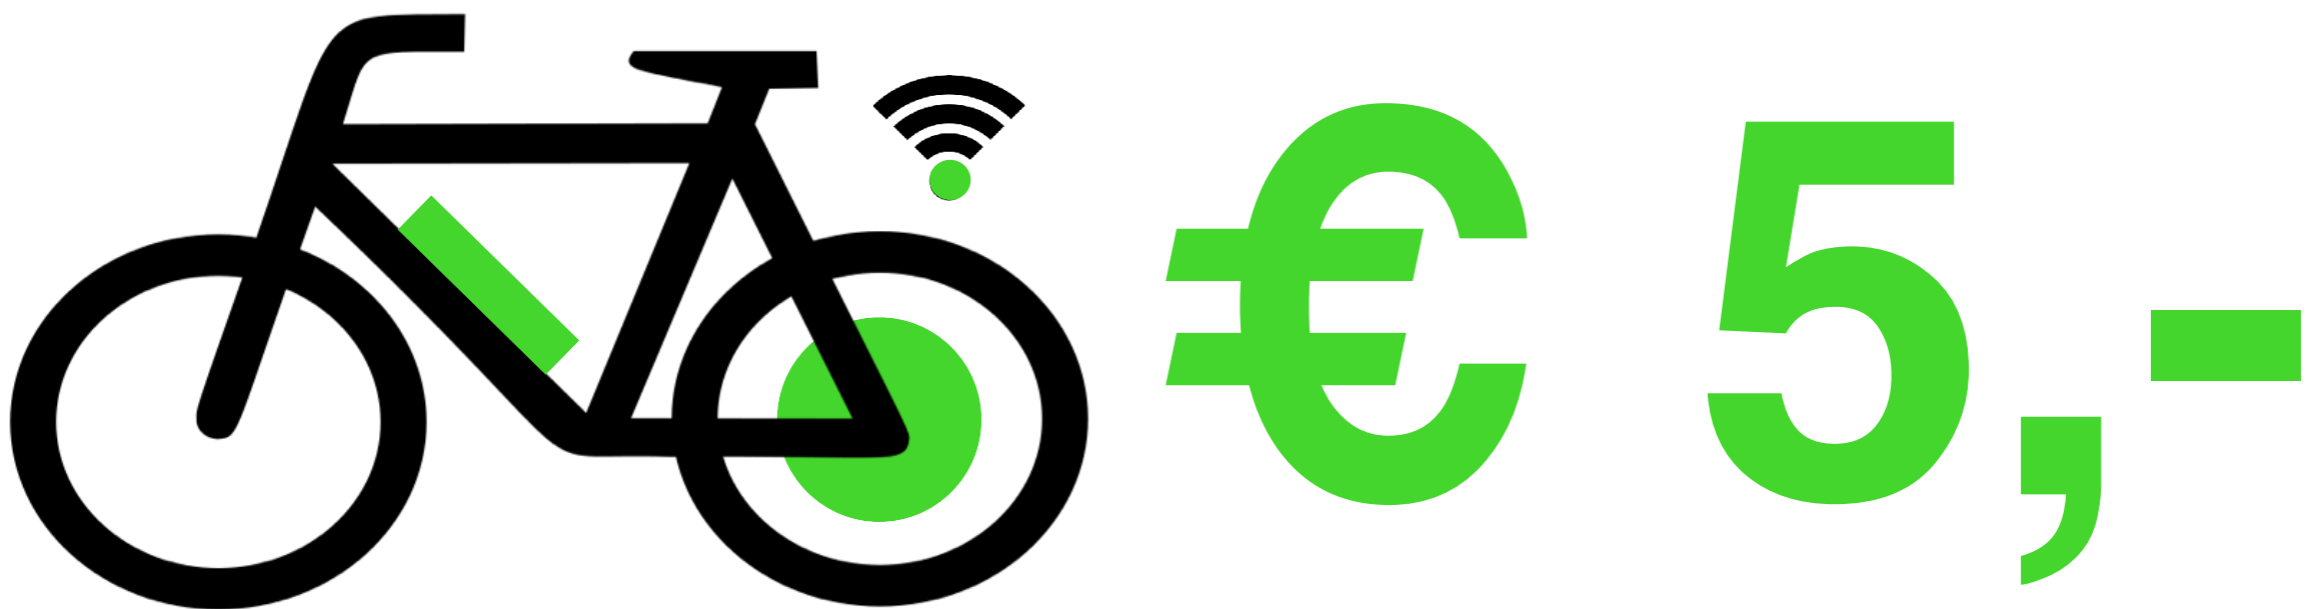

User reports

E-bike to go provides her customers with extensive user reports. These reports show usage, amount of kilometers and geographical information. Specifically useful for mobility strategy and CO2 reduction.

The Costs

Flex - 5 hours

A “flex” account provides instant e-bike use. Simply register as a new user and ride along.

The costs are just € 5,- per FIVE hours. Easy to use with no extra charges.

Pro - 24 hours

Whenever you decide to use an e-bike to go more often, for example commuting.

The “pro” account allows a usage period of 24 hours whilst the costs remain at € 5,-

Participating companies will be charged a basic fee of € 50,- per e-bike per month.

Hotel - 24 hours

The hotel account provides hotels and their guests an optimized and risk free e-bike service.

The “hotel” account allows a usage of 24 hours at a cost of € 10,- per reservation.

A minimum of 5 reservations per e-bike per month is required.
